**OneCall Manage Receives 2010 Communications Solutions Product of the Year Award**

Red Bank, NJ (Marketwire - Jul 21, 2011) - OneCall Manage announced today that TMC, a global, integrated media company, has named OneCall Manage as a recipient of a 2010 Communications Solutions Product of the Year Award.

"OneCall Manage was chosen to receive a 2010 Product of the Year Award for creating exceptional advancements in wireless expense management," said Rich Tehrani, CEO, TMC. "Congratulations to the entire team at OneCall Manage. I look forward to more innovative solutions from them in the coming year."

The Communications Solutions Product of the Year Award recognizes the vision, leadership, and thoroughness that are characteristics of the prestigious award. The most innovative products and services brought to the market from March 2009 through March 2010 were chosen as winners of the Communications Solutions Product of the Year Award. The 2010 Communications Solutions Product of the Year Award winners are published on the INTERNET TELEPHONY and Customer Interaction Solutions Websites.

"TMC is the leading publisher in the telecom industry and we are honored that TMC awarded OneCall Manage Product of The Year for our ground breaking wireless expense management solution," said Berylle Reynolds, CEO of OneCall Manage. "Your wireless spend is driven by HOW your users utilize their cell phones. We utilize advanced business intelligence to analyze your user behaviors so you can see exactly how they are driving your wireless costs. We can then quickly and effortlessly pinpoint opportunities for cost savings."

**About OneCall Manage**

One Call Manage provides a SaaS solution that completely automates the management of mobile devices and related expenses to global and domestic businesses. The OneCall Manage team enables innovative businesses with 500+ mobile assets, a faster ROI than any telecom or wireless expense management solution on the market. OneCall Manage drills deeper into the wireless bill by accessing every data level, from multiple sources, and generating a single report that synthesizes the information. They not only find every detail of unnecessary spending to reduce telecom expenses, but identify best practices to fix problems without losing functionality where it's needed. The One Call Manage team studies individual wireless usage behavior, and finds solutions that serve that behavior, in order to maximize productivity. OneCall Manage is a women-owned business.
